How do I claim TAD Australia's service through my NDIS plan?

Our service can be funded through all three types of support budgets in your NDIS plan:

You can generally claim Simple and Standard Assistive Technology (Level 1 and 2) through this budget.

What is a Service Agreement?

For some services you will need to sign a Service Agreement before work can start. Some TAD Australia services do not require a Service Agreement. Your local branch can let you know what paperwork we require.
